Transportable Case Models

iNetVu 740, 750 and 950 systems can be enclosed in a single Transportable Case with a separate optional case for the Controller, Modem, Power Supply, Cables, and Notebook.

For the iNetVu 1200 system, we offer 3 Transportable Case models for increased handling flexibility and ease of use. The iNetVu 1-Case Solution encloses a fully configured iNetVu system including both the Base Unit and the Reflector. We have 2 variations of the iNetVu 2-Case Solution, which includes a common base case for both models and 2 versions of the Reflector cases; one for a 1-piece Reflector and one for a 2-piece Reflector.
